## A Progressive Movement in The Rock Island Barber Shop

**RECOGNIZING** the demand on barbers for a class of treatment that is novel, one that will produce quick and accurate results, a treatment where all customers who have taken from two to five treatments, and actually see where they are benefitted, I take pleasure in announcing that I have installed the new **Electro Prismatic Wave Generator** for the scientific treatment of the scalp and face.

**THIS** is a new machine and is highly endorsed by physicians who state it is absolutely the best treatment for the face and scalp. Here are a few of the physiological facts about the Electro Prismatic Wave Generator:

**INCREASE** of blood-supply; increase of oxidation and the local nutrition; increase of oxygenation of blood; increases intake of oxygen; increases output of carbon dioxide; increases secretions; increases the elimination of waste products and increases bodily heat without a corresponding rise in temperature, besides numerous other benefits to those taking treatment.

### I Have The Only Machine In Chickasha

**THE** installation of this machine should be welcomed by the people of Chickasha. I have secured the exclusive right for the entire city. It is impossible to tell you all about this wonderful machine, but if you will call at my shop we will take pleasure in going into all details.

### Warts, Moles and Other Superfluous Growths Removed

**WITH** this machine a Fulguration Electrode was furnished which will safely and surely remove Warts, Moles and other superfluous growths.

## MINCO MEETS GEARY GANG IN A 'FINISH FIGHT'

If the series between the Braves and Athletics had approached anywhere as near to an honest-to-goodness argument as the prolonged contest for the state semi-pro championship has in the Minco-Geary battles, then the supporters of the Mackmen would have been separated from their money with less agony. Minco and Geary have been locked in a struggle to a lasting finish for some weeks. With the games split fifty-fifty, they went

extra innings last Sunday at at Geary to a 3-3 tie score. Both managers agreed to play it off in Chickasha next Sunday.

The personnel of each team will be changed materially. Steadily the class of players has been improved, until the teams that will go together next Sunday will be the superlative in the matter of ball players obtainable in Oklahoma.

For instance, the Minco battery will be Reynolds and Reynolds, both of whom were with American league teams during the season just closed. Ross Reynolds, slab artist, performed in the big show, a team-mate with Ty Cobb on Hughie Jennings' Detroit Tigers. "Bill" Reynolds, the receiving end of the battery, performed with Frank Chance on the New York American club.

SCOTT PERRY  
The Louisville American Association  
Boxman to Pitch for Geary.

Geary will start Scott Perry on the mound. He was the star slabman with the Louisville club, American association, during the past season, and is said to have "everything." On the Geary line-up will also be Geist, an outfielder, last year with the Rochester club of the Eastern league. With out an argument it will be the biggest game ever staged in the southwest.

The line-up:  
Minco: Catcher, Wm. Reynolds, New York Americans; pitcher, Ross Reynolds, Detroit Americans; first base, Milton Campbell; second base, A. Shelton, McAlester Western association; short stop, Ed Palmer, Muskogee, Western association; third base, Ben

Brownlow, Dallas, Texas league; left field, Roy Pentress, Fort Worth Texas league; center field, John Singleton, Central association; right field, Neil Jones, Tulsa, Western association.  
Geary: Catcher, Allen, Houston, Texas league; pitcher, Perry, Louisville, American association; first base, Hall; second base, Dillon; short stop, Curtis; third base, Nelson; left field, Geist, Rochester, Eastern league; right field, Stanley, formerly with Cincinnati, American association; center field, Squires.

## INTEREST INCREASES

Increased interest and attendance marked the services last night at the Christian church. The slump in the attendance, occasioned by the sudden cold snap, is rapidly being overcome by the increased activity of the membership.

Rev. J. B. Boen, a former pastor, who was the moving spirit in the erection of the present house of worship, was present, and his face grew broader as his friends—a number of whom he received into the church—gathered about him to bid him welcome.

Following a rousing song service, Mr. Mullins sang, "My Father Knows," and was given the closest attention.

Mr. Marshall began his sermon by saying, "We can all learn something from concrete examples. Tonight I shall give you another concrete example of conversion. This time, it is the conversion of a man of high authority."

Continuing, the evangelist said in part:

"Philip, who was a deacon in the church at Jerusalem, was conducting an evangelistic meeting in Samaria, when an angel of the Lord appeared to him. 'Arise,' said the angel, 'and go toward the south unto the way that goeth down from Jerusalem unto Gaza, and he arose and went; and behold, a man of Ethiopia, a eunuch of great authority under Candace, queen of the Ethiopians, who was over all her treasure, who had come to Jerusalem to worship; and he was returning and sitting in his chariot, and was reading the prophet Isaiah. And Philip opened his mouth and beginning from this scripture preached unto him Jesus. And as they went on their way, they came to a certain water; and the eunuch said, behold, here is water; what doth hinder me to be baptized? And he commanded the chariot to stand still; and they both went down into the water, both Philip and the eunuch; and he baptized him.

"Let us note, first, that the angel did not appear unto the inquirer, but unto the preacher; secondly, that Philip preached unto him Jesus; and just from the preaching of Jesus, the eunuch understood that it was his duty to be baptized.

"There was no formal church service. It was a simple matter of faith in Jesus as the Christ, and obedience to him.

"It is also worthy of note, that they both went down into the water. There would never be any question in the mind of the eunuch as to the validity of his baptism. He had settled the question, and settled it rightly. Will you not do the same?"

At the chapel hour yesterday the evangelist spoke to the high school, where he was received with great enthusiasm.

Tonight he will preach on "The Sin of Neglect," and Mr. Mullins will sing "The Lost Ship."

## Indians Will Hold Big Conference at State University

Special to the Daily Express.

Norman, Okla., Oct. 15.—The remarkable history of the great west during the past generation is steeped in romance as novel and interesting as that of any mediaeval tale which casts a glamour of enchantment about the American Indian whose history of recent years challenges in degree of interest that of any other race of our day. Contrast the Indian today with that of yesterday and in many in-

stances you will find the sons of this humble race of yesterday sitting in the highest official positions of the land today. Perhaps this is more true in the state of Oklahoma which has been the home of the Indians since the early years of the past century. Sent by the national government years ago to the forlorn and apparently worthless lands of Oklahoma to make their homes, the Indians have come into the richest inheritance ever possessed in all history by any people. With their wealth in things material and their vigorous mentality the Indians of Oklahoma could hardly be else than leaders.

There is, at the University of Oklahoma, a student organization unique in membership as well as in purpose. It is called "Oklushe Dugata," meaning "Tribes Standing Together," and its membership is composed entirely of students of Indian descent in the state university. There are forty students who are members of this club, representing seven of the great Indian tribes, viz: Cherokee, Osage, Delaware, Chickasaw, Choctaw, Shawnee and Creek.

These Indian students of the university are, without question real leaders of the undergraduate world. Among their membership are to be found class presidents, editors of the student papers, stars of the athletic field and leaders in social and student activities of the institution.

The strength of this student organization is soon to be measured in a worthy undertaking which the purposes of its foundation demand should receive immediate attention. That is in bringing to the University of Oklahoma a representative Indian conference of all the tribes, the first to be held since the year of 1896, when a similar meeting was held at Okmulgee, Okla.

The purposes of the conference are: To inculcate a spirit of universal brotherhood among all the tribes, and to encourage the sons and daughters of the Indians to come to the University of Oklahoma, where they may receive free of charge broad culture and liberal education that they may better succeed in any of the great walks of life. Another worthy movement which is to be set on foot at this meeting is one which seeks the establishment of a museum of ethnology in order that the many traditions, relics, etc., of the American Indians may be preserved.

This gathering of Oklahoma Indians will be distinguished by the presence

of some men whose reputations are nationwide. Among this number may be mentioned Senator Robert L. Owen, Hon. Gabe E. Parker, register of the United States treasury; Congressman Carter, all of whom will deliver addresses before the meeting, and others of prominence who have assured the University organization of their presence. Invitations have been extended to the last chiefs of the five civilized tribes, and the ex-chiefs who are now living, among whom are W. C. Rogers, Jim Harris and Tom Buffington, of the Cherokees; Moty Tiger, of the Creeks; Douglas H. Johnston, R. M. Harris and W. I. Bird, of the Chickasaws; Victor M. Locke, D. C. McCurtain and Gilbert W. Duke, of the Choctaws; and John Brown of the Seminoles.

### WANTS TO WRESTLE.

### Boy or Girl? Great Question!

"This brings to many minds an old and tried family remedy—an external application known as 'Mother's Friend.' During the period of expectancy it is applied to the abdominal muscles and is designed to soothe the intricate network of nerves involved. In this manner it has such a splendid influence as to justify its use in all cases of coming motherhood. It has been generally recommended for years and years and those who have used it speak in highest praise of the immense relief it affords. Particularly do these knowing mothers speak of the absence of morning sickness, of freedom from those many other distresses which are usually looked forward to with so much concern.

There is no question but what 'Mother's Friend' has a marked tendency to relieve the mind and this of itself in addition to the physical relief has given it a very wide popularity among women. It is absolutely safe to use, renders the skin pliable, is penetrating in its nature and is composed of those emollients best suited to thoroughly lubricate the nerves, muscles, tendons and ligaments involved.

You can obtain 'Mother's Friend' at almost any drug store. It is prepared only by Bradford Regester Co., 401 Lamar Bldg., Atlanta, Ga.
